

Louisiana Civil Engineering Conference and Show  
September 21-22, 2011  
Pontchartrain Center, Kenner, LA

**PROFESSIONAL DEVELOPMENT HOURS (PDH'S)  
Record Sheet**

Sheet 1 of 2

<i>Presentation Titles</i>	<i>Professional Development Hours (PDH) Available</i>	<i>Mark Sessions Attended</i>	<i>PDH Earned</i>
<i>Wednesday Morning</i>			
Houma Navigational Canal Flood Control Structure with Steel Swing Barge Gate	1		
Should Engineers Design Homes to be Tornado-Proof?	1		
Production Facilities and the BOEMRE Approval Process on the Gulf of	1		
Stormwater & Erosion Control Specifications & New Regulatory Guidelines	1		
Developing a Green Slice Watershed Habitat Corridor: A Community Strategy for Low-Impact Development, Public Education and Citizen "buy-in" for an Urban Watershed Project	1		
Current Industry Practices in Wastewater Management	1		
Alleviating Concerns of Excessive Settlement and Bending Moments in Piles Along a Levee System Transition Zone	1		
A Commentary on Active Pressure in Clays by Classical Method And Effect of Swelling	1		
Support of Heavily Loaded Storage Tanks on Soft Deep Soils in New Orleans	1		
	<i>3 hrs MAX</i>	<i>Subtotal</i>	
<i>Wednesday Afternoon</i>			
Louisiana DOTD's New Access Connections Policy	1		
New Orleans Streetcars - An Ongoing Evolution	1		
How to Implement Pavement Management System for Parish Roads	1		
Concrete Solutions - Service Life Modeling	1		
Transitions in Concrete Behavior—Concrete waits for no one	1		
Evaluation of Surface Resistivity Measurements as an Alternative to the Rapid Chloride Permeability to Ensure Concrete Durability for Bridges & Other Structures	1		
Bridge Information Modeling	1		
Benefits of Value Engineering During Recessionary Periods "APPLYING INNOVATIONS"	1		
Honesty, Integrity and All That Jazz	1		
	<i>3 hrs MAX</i>	<i>Subtotal</i>	

Louisiana Civil Engineering Conference and Show  
September 21-22, 2011  
Pontchartrain Center, Kenner, LA

**PROFESSIONAL DEVELOPMENT HOURS (PDH'S)  
Record Sheet**

Sheet 2 of 2

Presentation Titles	Professional Development Hours (PDH) Available	Mark Sessions Attended	PDH Earned
<i>Thursday Morning</i>			
Special Inspections According to Chapter 17 of International Building Code (IBC) - Who, What, When and Where?	1		
Advanced Wind Load Development per ASCE 7-05 & Other Codes	1		
Slender Column Design Using the ACI 318-08 Building Code	1		
Soil mixing - A Structural Support Technique	1		
The Advantages, Manufacturing and Testing of Spiral weld Pipe	1		
Development and Use of Dynamic Pile Testing	1		
Fiber Reinforced Polymers for Mitigation of Coastal Hazards	1		
New Specification Changes for Asphalt Mixtures in Louisiana	1		
ACI 318 Code Requirements and Acceptance Criteria for Concrete Strength and Durability	1		
	<b>3 hrs MAX</b>	<i>Subtotal</i>	
<i>Thursday Afternoon</i>			
Road Safety Cameras - Use and Results in Lafayette Louisiana	1		
Widening of the Huey P. Long Bridge in New Orleans and Construction of the John James Audubon Bridge between St. Francisville and New Roads, LA	1		
Fort Buhlow Bridge US 71/165 Over Red River in Alexandria, LA	1		
Sustainability - Are you in or out?	1		
Beyond LEED - Envision sustainable Infrastructure Project Rating System for Horizontal Infrastructure	1		
The Rice Fields Grew Derricks	1		
A History of the Huey P. Long Bridge	1		
Advantages of Using 3D Models for Automated Rebar Detailing in Bridge Projects	1		
*Engineering Ethics: A Comparison of Other Engineering Disciplines' Codes of Professional Conduct	1		
	<b>3 hrs MAX</b>	<i>Subtotal</i>	
<b>Total Hours Earned</b>
